1. Introduction

There are places in this world that silence you the moment you arrive. Iguazu Falls is one of them. We showed it from above, from the water, from both sides of the border — Argentine and Brazilian. Every single angle left us completely speechless. This is the most powerful waterfall on Earth.

世界上有些地方，你一到達就會被震懾得說不出話來。伊瓜蘇瀑布就是其中之一。我們從上方、從水中、從邊境的兩側向您展示它——阿根廷側和巴西側。每一個角度都讓我們完全說不出話來。這是地球上最強大的瀑布。

2. Arriving at the Brazilian Side

A short flight from Buenos Aires brings us to the jungle border of Brazil and Argentina. Brazilian side first. We just spotted the falls. And wow, that's all I can say. It's incredible. Friends told us Iguazu Falls was something else entirely, something no other waterfall on Earth could match. We smiled, we nodded, and quietly thought: how different can a waterfall really be? We had seen Niagara. We had stood at the misty edge of Victoria Falls. We arrived here fully expecting something roughly the same. Then we took our first look — and everything we had assumed collapsed in an instant. We had been completely wrong.

從布宜諾斯艾利斯搭乘短程航班，就能抵達巴西和阿根廷邊境的叢林。先走巴西側。我們剛剛看到了瀑布。哇，我只能說這麼多。太不可思議了。朋友們曾告訴我們，伊瓜蘇瀑布是完全不同的存在，是地球上其他瀑布無法比擬的。我們微笑點頭，但心裡 quietly 想著：瀑布能有多大的不同呢？我們去過尼加拉瀑布。我們站過維多利亞瀑布霧氣瀰漫的邊緣。我們抵達時心裡預期的大概差不多就是那樣。然後我們親眼一看——所有預設的想法瞬間瓦解。我們完全錯了。

3. The Brazilian Trail

The trail is just a little bit down, a little bit up. It's not a hard walk at all, and knowing there's an elevator at the end does help. The Brazilian side offers a gradual reveal of the falls. Each bend in the path exposes something new, building slowly and deliberately toward a full panoramic view. The biggest surprise? The sheer overwhelming scale of it all. We expected one waterfall — a single dramatic drop. What we found was 275 individual falls scattered across the jungle in every direction, as far as the eye could see. Every bend delivers a view that looks almost too beautiful to be real. A mist hangs permanently in the distance. The roar grows louder with every single step. Along the lower trail, every step brings something bigger, something louder. Hundreds of falls side by side, each one powerful enough to headline any destination on Earth. Nothing — not a photograph, not a travel blog, not a single video — prepares you for what Iguazu actually is.

這條小徑只是一點點往下、一點點往上。走起來一點也不困難，而且知道終點有電梯確實有幫助。巴西側提供了一種漸進式的瀑布展現。路徑的每個彎道都展現新的景象，緩慢而刻意地鋪陳，最終迎來完整的全景視野。最大的驚喜？是那壓倒性的規模。我們原本預期會看到一個瀑布——一個壯觀的單一水幕。但我們發現的是散落在叢林中、一望無際的275條瀑布。每個彎道都呈現出美到不真實的景色。薄霧終年懸掛在遠方。轟隆聲隨著每一步越來越響。沿著下游步道，每一步都帶來更大、更響亮的景象。數百條瀑布並排而立，每一條都強大到足以成為地球上任何旅遊目的地的頭號看點。沒有什麼——不是照片、不是旅遊部落格、不是任何影片——能让你準備好面對伊瓜蘇的真正面貌。

4. The Lookout Platforms

We're walking faster because we've spotted some lookout platforms right over the waterfall. Everybody's rushing. At other waterfalls, you stand across. You find your spot, you look, and the waterfall performs for you — you are the audience. At Niagara, you watch from across a river. At Victoria, from across a gorge. At Iguazu, there is no "across." This place was built around one radical idea: do not show people the waterfall — put them in it. The bridge takes you into the water, not around it. You are walking out over the actual river, water flowing beneath your feet, falls surrounding you on multiple sides, spray hitting you from every angle. The sound is no longer around you — it is inside

you. You are wet. You are surrounded. You are, by any reasonable definition, inside a waterfall.

我們加快腳步，因為我們發現了一些就在瀑布上方的觀景台。每個人都在趕路。在其他瀑布，你站在對面。你找好位置，看著瀑布為你表演——你是觀眾。在尼加拉，你隔著河流觀看。在維多利亞，你隔著峽谷觀看。但在伊瓜蘇，沒有「對面」這種事。這個地方圍繞著一個激進的理念而建：不要讓人們看瀑布——把他們放進瀑布裡。橋樑帶你走進水裡，而不是繞過它。你走在真正的河流上方，水流在腳下流動，瀑布從四面八方環繞，水花從每個角度襲來。聲音不再環繞你——它在你的體內。你濕透了。你被包圍了。用任何合理的定義來說，你都在一座瀑布之中。

5. The Helicopter Ride

Right next to the elevator at the bottom is a spectacular view looking straight toward this massive waterfall. It's overwhelming. The helicopter ride was surprisingly affordable — just over \$100. From above, the first thing that hits you is the jungle: endless in every direction. And right in the middle, on the border of Brazil and Argentina, the falls. From the ground, you collect pieces. From the air, you finally see the whole — 3 km of falls, jungle pressing in from every side. Up here, you see exactly where the calm river ends and the chaos begins. Below is the Argentine side with the long walkway leading to Devil's Throat — 14 of the most powerful falls converging at a single point, plunging 82 meters straight down. It looks less like a waterfall and more like the Earth simply swallowing the river whole. If you're coming to Iguazu, do the helicopter ride. It is genuinely something special.

底部電梯旁邊，是一個壯觀的視角，直視這座巨大的瀑布。令人震撼。直升機之旅出奇地平價——只要100美元出頭。從空中俯瞰，首先衝擊你的是叢林：向四面八方無盡延伸。而在正中央，巴西和阿根廷的邊界上，就是瀑布。從地面，你收集的是碎片。從空中，你終於看見了全貌——三公里長的瀑布在你腳下延伸，叢林從四面八方逼近。在這裡，你可以清楚看到平靜的河流在哪裡終結、混沌從哪裡開始。下方是阿根廷側，長長的步道通往惡魔之喉——14條最強大的瀑布匯聚於一點，垂直落下82公尺。它看起來與其說是瀑布，更像是地球直接把整條河流吞了下去。如果你要來伊瓜蘇，一定要搭直升機。這是真的很特別的體驗。

6. Day Two: The Argentine Side

This is our second day at Iguazu Falls, and today we're on the Argentine side. This is two cans. This is the central station and we're going to be getting on the train. The Argentine side is bigger — significantly bigger. A small park train runs two stops. The second brings you directly to the catwalk for Devil's Throat. That is where we are going first. It's a 1.1-kilometer walk — about 10 to 15 minutes. The Brazilian side gives you one path, one descent, one breathtaking panoramic view. The Argentine side gives you something rawer: a kilometer of elevated walkways crossing from island to island above the river, the jungle pressing in, water moving fast beneath your feet.

這是我們在伊瓜蘇瀑布的第二天，今天我們在阿根廷側。這是中央車站，我們要搭小火車了。阿根廷側更大——明顯大得多。園區小火車有兩站。第二站直接帶你到惡魔之喉的棧道。那就是我們要去的第一站。要走1.1公里——大約10到15分鐘。巴西側給你一條路、一個下坡、一個令人屏息的全景視野。阿根廷側給你的東西更原始：一公里的高架步道越過一個個小島、橫跨河流之上，叢林從兩側逼近，腳下水流湍急。

7. Devil's Throat

You hear it first — a rumble, low, distant, felt more than heard — while you're still crossing the catwalks above water that is perfectly, almost eerily calm. The river does not know yet what it is walking into. Then you arrive at the edge, and everything you thought you understood about waterfalls dissolves. The water curves into a vast, terrifying horseshoe and plunges nearly 300 feet into a void that gives back nothing but thunder and white mist. It looks like the Earth has a drain — like someone pulled the plug and the entire river is being swallowed whole. Unbelievable. Millions of gallons going over that edge every single second. This is Devil's Throat: the crown jewel, the reason for all of it. Raw, deafening, alive in a way that borders on frightening. You do not admire it — you stand inside it, soaked through, and you let it happen to you.

你先是聽到它——低沉的轟鳴聲，從遠處傳來與其用聽的不如用感受的——而你還在跨越水流異常平靜的棧道。河流還不知道它即將面對什麼。然後你來到邊緣，你自以為對瀑布的理解全部瓦解。水流彎成一個巨大、令人恐懼的馬蹄形，墜入近300英尺的深淵，除了雷鳴和白色水霧之外什麼都沒有回來。看起來像是地球有個排水孔——好像有人拔掉了塞子，整條河流正被整個吞下去。難以置信。每秒數百萬加侖的水從邊緣傾瀉而下。這就是惡魔之喉：皇冠上的寶石，這一切的原因。原

始、震耳欲聾、充滿生命力，近乎令人害怕。你不是在欣賞它——你站在它裡面，全身濕透，讓它衝擊你。

8. The Lower Circuit

The train takes us to the lower circuit — waterfalls at every turn, ending at a viewpoint toward Saint Martin's Island, a true Iguazu highlight. Every time you think you have seen the best, Iguazu surprises you. Deep in the jungle, the views stop making sense. Jungle in the foreground, a curtain of white water over the cliff, framed so perfectly it looks designed. If you had to illustrate paradise, this is the picture. The walkways take you right to the edge — the actual reach where the water gathers itself before going over the cliff. You're not watching from across. You are standing in the middle of it. Some things exist beyond description. This is one of them.

小火車帶我們到下環線——每個轉角都有瀑布，終點是聖馬丁島的觀景點，這真是伊瓜蘇的精華。每當你覺得已經看過最好的，伊瓜蘇總會讓你驚喜。深入叢林，景色美到失去理智。前景是叢林，懸崖上一道白水簾幕，完美地鑲嵌其中，看起來像是設計過的。如果要描繪天堂，就是這幅畫面。步道帶你直達邊緣——水流匯集後即將墜落懸崖的實際位置。你不是從對面觀看。你就站在其中。有些事情存在於言語之外。這就是其中之一。

9. The Speedboat Ride

Saint Martin's Fall — one of Iguazu's two most iconic spots. On the edge, thousands of gallons drop into mist so thick there is no visible bottom. Spectacular from the top, but we are heading underneath. We board the jungle bus for the most thrilling part of the visit: a speedboat ride straight into the falls. This is not a scenic cruise. The boat hammers against the current at full speed, throwing you over rapids that feel more like a theme park ride than a river ride. For the full experience, take the front of the boat or the elevated back row. The boat drives straight into the curtain of falling water and the world disappears: just noise, white water, cold, hitting like a wall. The boat pulls back. You gasp. The boat turns and goes straight back in. Completely soaked, completely, absolutely, undeniably alive.

聖馬丁瀑布——伊瓜蘇最具代表性的兩個景點之一。在邊緣，數千加侖的水墜入濃霧之中，看不見底部。從上方看很壯觀，但我們正準備前往下方。我們搭上叢林巴士，前往這次造訪最刺激的部分：一趟直奔瀑布的快艇之旅。這不是風景遊船。船隻以全速逆流衝擊，將你拋過急流，感覺更像主題樂園的遊樂設施。想要完整體驗，就坐船頭或升高的後排。船隻直直駛入傾瀉而下的水幕，世界就此消失：只剩下噪音、白水、和像牆一樣撞擊過來的冰冷。船向後退。你倒抽一口氣。船轉彎，又直接衝了回去。徹底濕透，徹底地、絕對地、無可否認地感受到活著。

10. Closing Thoughts

Iguazu Falls — of everything we have seen, everything we have experienced, this is it. The one that sits above all others with nothing close behind. If it is not on your bucket list, it needs to be. You will not regret it. We hope you felt even a fraction of what we felt standing here. Tell us what you think in the comments — we would love to hear from you. Thank you for watching. Our next stop is Rio de Janeiro, the jewel of South America. Beaches, mountains, Christ the Redeemer watching over it all. One of the most beautiful cities on Earth. See you in the next video.

伊瓜蘇瀑布——在我們所見過、所經歷過的一切之中，就是它了。穩坐第一，後無來者。如果它還不在你的願望清單上，它應該要在。你不會後悔的。我們希望你感受到我們站在這裡時所感受到的，哪怕只是一小部分。在留言區告訴我們你的想法——我們很樂意聽聽你的心聲。感謝您的收看。我們的下一個目的地是里約熱內盧，南美洲的寶石。沙灘、山脈、基督像俯瞰著一切。地球上最美麗的城市之一。下一支影片見。

☒ 文法重點 3 點

點選文法點展開完整說明

分詞構句 — V-ing 開頭表伴隨情況

分詞構句 (Participle Phrase) 可以將兩個相關的動作或狀態合併成一句，讓句子更簡潔優雅。當主句和附屬句的主詞相同時，附屬句的動詞改為 V-ing 形式。

▶ "Having seen Niagara and stood at the misty edge of Victoria Falls, they arrived expecting something roughly the same."

去過尼加拉瀑布、站過維多利亞瀑布霧氣瀰漫的邊緣之後，他們抵達時心裡預期的大概差不多就是那樣。

→ 'Having seen...' = After they had seen... (完成式分詞構句，強調先發生)

→ 'expecting...' = and they expected... (簡單分詞構句，表伴隨狀態)

Having + p.p. + ..., S + V ... → 完成某事之後，主詞做...

▶ "The boat hammers against the current, throwing you over rapids."

船隻以全速逆流衝擊，將你拋過急流。

→ 'throwing you over rapids' = and it throws you over rapids

→ 表伴隨結果：主動作造成的副效果

S + V + O, V-ing + O → 主詞做某事，因而產生...

比較結構 — 否定詞 + 比較級

用否定詞 (nothing, no, never) + 比較級，可以表達「沒有什麼比...更...」的超級最高級意味，比直接使用最高級更有強調效果。

▶ "Nothing — not a photograph, not a travel blog, not a single video — prepares you for what Iguazu actually is."

沒有什麼——不是照片、不是旅遊部落格、不是任何影片——能讓你準備好面對伊瓜蘇的真正面貌。

→ 用三個 not 排比強調「沒有任何方式能讓你準備好」

→ 比直接說 'No one can prepare you' 更有感染力

Nothing / No + N + ... 強調「沒有任何...能...」

▶ "None of them come close."

沒有任何一個能相提並論。

→ 'none... come close' = 沒有任何一個能相提並論

→ 口語中極高頻的比較否定用法

None come close = 無人能及

對比平行結構 — At X..., at Y..., at Z...

使用三個以上平行的對比結構，可以強化差異、製造韻律感，是英文寫作中的華麗修辭手法（排比 / parallel structure）。

► "At Niagara, you watch from across a river. At Victoria, from across a gorge. At Iguazu, there is no across."

在尼加拉，你隔著河流觀看。在維多利亞，你隔著峽谷觀看。在伊瓜蘇，沒有所謂的「對面」。

→ 三個 'At...' 開頭，前兩個描述其他瀑布的相似點

→ 第三個反轉（'there is no across'），達到強烈對比效果

At [A]..., at [B]..., at [C]... (反轉) — 排比對比修辭
